SWIMMING & PLUNGE PONDS

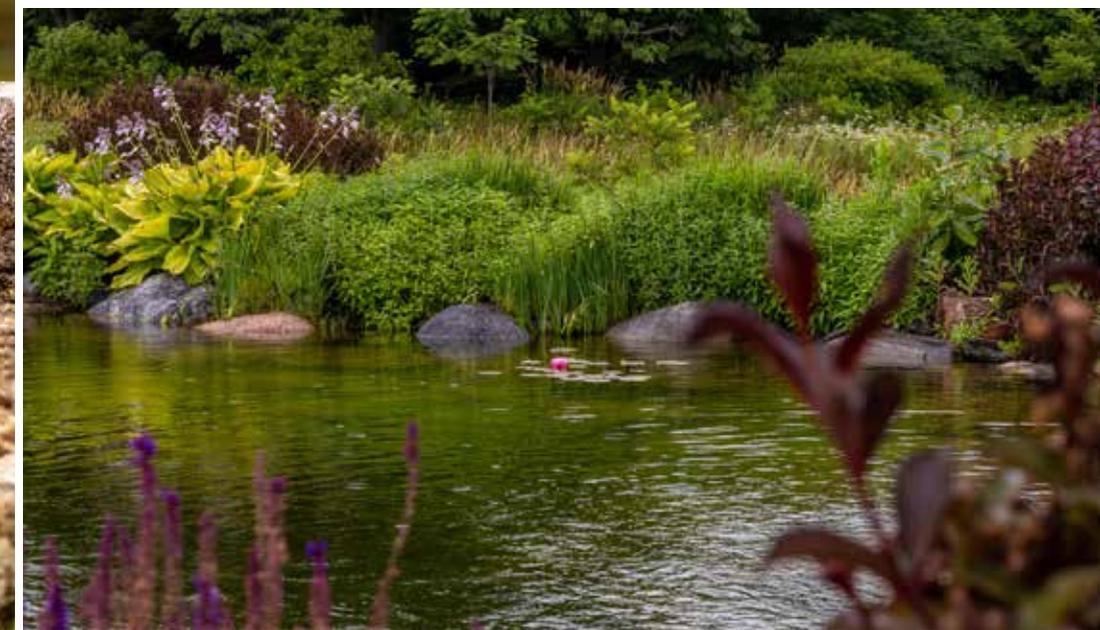

Take the plunge!

The best of both worlds. Swimming ponds give you the rustic beauty of a pond and waterfall with the fun that only a pool can bring! Your pond will be a naturally-balanced ecosystem that attracts wildlife — keeping the kids and grandkids entertained and outside all summer long! Natural wetlands filter your water, keeping it clean without the need for chemicals.

What's Included

At Jackson Pond, everything is always included with your swimming pond:

- Design & installation
- Pond & waterfall liners
- Skimmer or intake bay
- Biofalls or wetland filter
- External pump
- Water plants
- Granite rock boulders & river stone
- LED lighting system
- IonGen water clarifier

PLUNGE PONDS

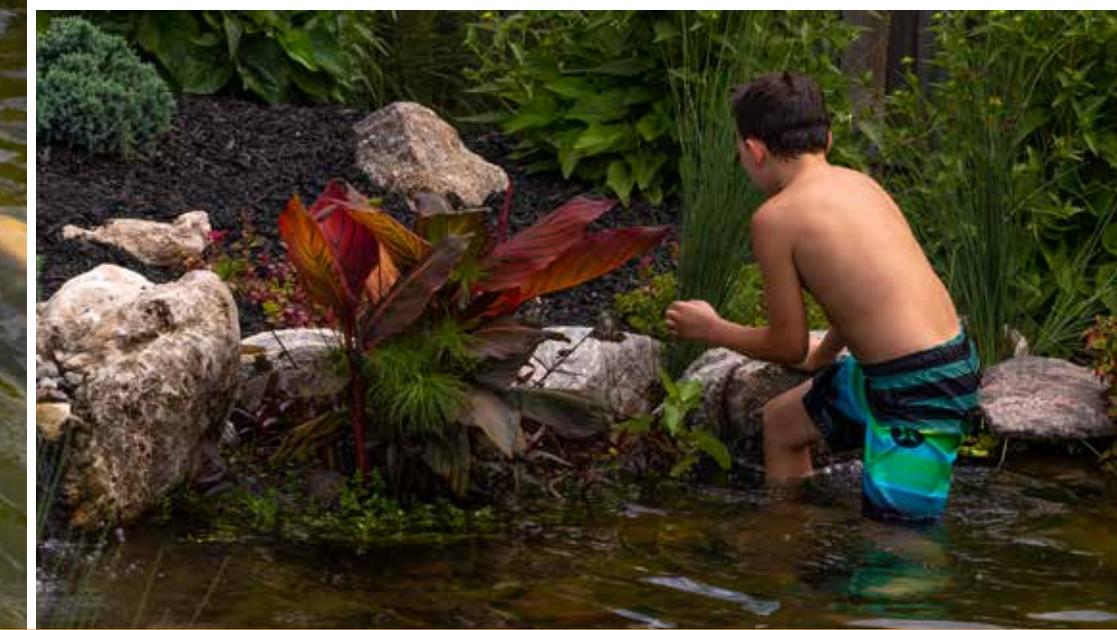

Wade in...

Plunge ponds are the younger siblings of the swimming pond — smaller, shallower and great for young children and dogs. Also called “wading ponds,” these shallow ponds are exactly what they sound like: a place to dip your toes in and lounge.

15' x 20' x 3' deep Plunge Pond
\$67,900

20' x 25' x 3' deep Plunge Pond
\$98,900

“Our family was originally considering a swimming pool. But then we discovered how much nicer a swimming pond looks. We love that it's all-natural!”
— Tim, Oakville

SWIMMING PONDS

Jump in!

Swimming ponds provide an all natural alternative to a conventional swimming pool. The naturally balanced ecosystem uses mother nature to keep the water crystal clear, providing a safe and chemical free swimming experience. The family dog will love it, as will all the other wildlife that it attracts. Best of all, it looks stunning all year!

20' x 30' x 6' deep Swimming Pond
\$176,900

25' x 35' x 6' deep Swimming Pond
\$217,900

30' x 40' x 6' deep Swimming Pond
\$259,900

40' x 50' x 6' deep Swimming Pond
\$345,900

GETTING STARTED

Ready to add a little water to your life?

Ponds and waterfalls are a significant investment, so we've designed a process to help you get it right the first time.

1

Get inspired at our showroom.

Come and visit our pond and waterfall showroom to see what's possible. After, we'll work closely with you to design a pond or waterfall that reflects you and your lifestyle.

2

Approve your project.

Once we agree on a design, budget and timeline, our craftsmen bring it to life using the highest quality materials and equipment. Your project will be delivered on time and on budget.

3

Sit back and enjoy!

Relax and allow us to maintain every detail of your pond or waterfall. Each Jackson Pond is backed by a lifetime workmanship warranty when paired with one of our regular maintenance programs.

To get started, call **1-877-766-3833** or email **info@jacksonpond.com**. You're also encouraged to visit our retail store and showroom in person!

GUARANTEE

The Jackson Pond Promise.

We want you to love your water feature.

We believe that a water feature is a major investment and should be an integral part of your landscape for a long time to come.

For these reasons, we offer a 12-month workmanship warranty on all of our projects. If something isn't right, we'll fix it. And by choosing any of our full-season maintenance packages, we will extend your workmanship warranty indefinitely. Now that's peace of mind.

Our Construction Follow-Up.

Making sure everything is running smoothly can be overwhelming. For this reason, we schedule a follow-up visit with you when we're finished. This way, we can make sure you know how everything works.

POND MAINTENANCE

Leave it to the pond experts.

Keep your pond or waterfall as it's meant to be — relaxing. Our full-season maintenance packages are tailored to give your pond or waterfall elite service throughout the spring, summer, and fall, maintaining ideal water quality that's safe for pets and wildlife.

Every pond maintenance package includes...

Spring Clean-Out

- Empty and clean feature thoroughly
- Re-install pump, filter, ionizer, etc.
- Move plants to correct location
- Add de-chlorinator to new water
- Deliver requested water treatments for the season
- Appointment reminder and follow-up

Maintenance Visits

- Clean pump, filter, skimmer, etc.
- Inspect and adjust water level
- Install any new plants
- Prune aquatic plants (where applicable)
- Perform visual inspection for leaks
- Appointment reminders and follow-ups

Fall Shut-Down

- Prepare feature for winter
- Remove pump, filter, ionizer, etc.
- Blow water out of lines and cap (as required)
- Install any necessary winter equipment
- Clean and prepare equipment for storage.
- Appointment reminder and follow-up

Choose your package.

Our full-season packages ensure your pond thrives; whether we work together or our technicians take care of everything.
